

Central Pa Youth Ministries

March 2019

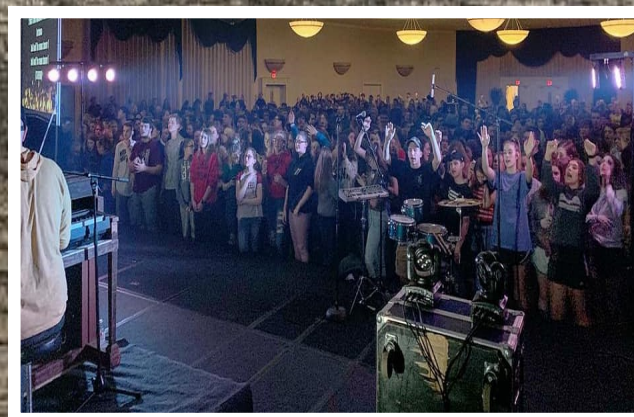

What do you do with hundreds and hundreds of teens for a weekend? A great worship band, a fantastic speaker, multi elective seminars designed just for teens, lots of food and many friends all together in one hotel, that will work.

We had a great time. The opening session on Friday night saw more than 40 teenagers responded to the Gospel Message and pray with a counselor to receive Christ. And the weekend continue to get even better. One of the pics on this page shows some teens, well almost every teen was praying for their lost friends and for our world. If a pic like that doesn't get a Christian adult excited then nothing will.

Several teens told us that they had made a commitment that on Monday right after the weekend is over to begin to reach out to their classmates. Let's hold these young missionaries up in prayer. Satan will be working overtime to keep them from being faithful in their commitments.

We in CPYM wish to thank all the volunteers and church youth group leaders who made this weekend possible. We are so excited to be apart of what God is doing to reach this generation for Christ.
