

Central Pa Youth Ministries

Picture this, breakfast time at Impact 2020, Saturday morning at a Perkins. The 8th grade boy sitting beside you says, “I have never ordered from a menu”. You open the menu and explain the choices. He says I want this and I want that. You quickly add up his choices and tell him it will cost about \$12. He says, “I have no money.” The sad part of the story is he has no family. He attended Impact on a scholarship paid for by one of our donors. We bought him breakfast.

As I am hearing this story I find out we have a run away gal who got in trouble and she was told we were sending her home. The police helped us find her and then get her into a van to go home. The sad part of the story is she and her mom had just gotten out of a homeless shelter. They moved in with a boy friend of mom’s. Mom speaks no English, so we were not able to tell her why we brought her daughter home.

Welcome to the world of youth ministry in 2020.

The very good news is that many teens accepted Christ this past weekend. And many more rededicated their lives to live for Him in their schools. Please pray that the evil one will not snatch away the Good News that was planted in their hearts during this weekend.
