

Central Pa Youth Ministries

This past October we were able to do an assembly in more than 20 schools. Spending an entire morning or afternoon in a school is an excellent opportunity to meet new kids and to tell them about us and what we do.

At one of the assemblies the following occurred. Our staff person invited the middle school teens to attend his club meeting that week. The assembly was on a Tuesday morning and the club meeting was to be that coming Thursday evening. Do you really think middle school kids can remember something that far in advance? Well, in addition to his normal crowd 20 teens who had never been to anything we do showed up. Almost everyone said they had never gone to church either.

Our staff person was so excited that evening. All he could say was, "what a great opportunity I have to share Jesus"! By the way, almost everyone said as they left, "I wish this would happen every week". Guess what, it does.

One staff member has started to give water to students as they arrive at school. This is a GREAT opportunity to meet youth.
