

Central Pa Youth Ministries

September 2020

Small has been the word this summer. Small groups have been happening all over Central Pa. Guess what, I think through small we are reaching more than when we tried to get larger groups together.

Small has forced us to think differently. Instead of, “hey we are having a meeting on this date and at this time.” We are saying when can we get together. And you know what, teens are responding.

As school starts, pray for our 10 missionaries as we reach teens for Christ.

Pictured on this page are just some of the many things we have been doing with teens this summer. Please keep our staff and volunteers as we seek to spread the Good News.

Dave Hummel, Executive Director
